B6 Capstone

Moon

Proposal

**Capstone Project/Internship Idea:**

Working under a professional photographer, and enter in the TSA photography competition or get my photography critiqued. Also, give my services to my fellow capstone students for their projects at the capstone showcase.

**Passion behind Cap. Project/Internship:**

I've always loved working with photography, and may want to go into business being a photographer someday, if things work out that way with this project.

**Benefits:**

- Gaining experience in my photography skills
- Working under a professional
- Gaining insight to the business
- Working with a creative medium

**Milestones:**

- Month of January: Apply for a photography competition
- January 15<sup>th</sup>: meeting with Dana Perkins on a regular basis
- January 8<sup>th</sup>: Receive assignments from my mentor via a facebook group
- January 8<sup>th</sup>: Till end of project: Work with my mentor in the field
- Before The showcase: Apply for a photography competition or Get photography critiqued
- Early January: Report findings from competition/critique and everything else up to this point

- 2<sup>nd</sup> Semester (January – April): Work with fellow students in capstone taking pictures for their projects.
- February 26<sup>th</sup>: TSA competition
- February 28<sup>th</sup>: Momarazi
- Late April: Present Project to my peers in the capstone showcase

**Final Product:**

I will compete in the TSA photography competition or have my photography critiqued, and have my rank, or level or accomplishment from that, and whatever I complete from working with my mentor. Also taking pictures for my fellow students' capstone projects, for the capstone showcase.

**Mentors involved:**

Dana Perkins- TinStar Photography

**Weekly Commitment/Schedule:**

Every Thursday in the second semester applicable

**Audience:**

During the presentation of everyone's project at the showcase, the people who attend will end up seeing my photography throughout the projects that decide to enlist my help.

**Contests Entering:**

TSA Photography Competition

**How Success will be measured:**

My performance in the photography competition, the way my work may be critiqued, and the showcase. Entering a photography competition and placing will also factor in.

**Ideas for Technical paper:**

- The affordability of being a Photographer
- The culture of photographers
- Different aspects of being a photographer
